

History of Medicine Associates
UAMS Library, #586
Historical Research Center
4301 W. Markham St.,
Little Rock, AR 72205-7186

Goals

- To increase interest in and support for the resources and facilities of the Historical Research Center
- To provide an opportunity for those interested in the history of medicine to participate in exhibits, programs and publications
- To attract bequests and gifts: Books, manuscripts, other printed materials, artifacts and money above and beyond the regular resources of the Historical Research Center

Why should you join?

The HMA is a group of people who like to share knowledge and information about the history of UAMS, medicine in Arkansas, and the history of medicine in general. Joining is one way for like-minded people to get together — and have the satisfaction of helping to support the UAMS Library's Historical Research Center.

Mission To enhance the resources of the UAMS Library's Historical Research Center collection while supporting the general study of the history of medicine. The Historical Research Center is the only academic institution in Arkansas focusing on the history of medicine ... in Arkansas and at UAMS.
